WORK EXPERIENCE

INTERN

Cybersoft

July 2022 to Aug 2022 (1 month)

- Worked in a team of interns to create an asset-tracking system for the company
- Accomplished creating all the user interface pages for the project
- Used technologies: Java, HTML, CSS, JavaScript, JSP, Ajax

EDUCATION HISTORY

Computer Engineering

Institution: Çukurova University

2019-2024

Relevant coursework: Data Structures and Algorithms, Web Development, Operating Systems, Computer Networks, Database Management Systems.

Frontend Web Development - Re:Coded

Sep 2022 - Jun 2023

- Re:Coded Immersive bootcamps are highly competitive, with a 5% acceptance rate.
- Completing a 4.5-month immersive web development bootcamp, with 300+ hours of curricula and project-based learning
- Technologies: HTML, CSS, JavaScript, React
- Working with various development teams to create products across industries.

PROJECTS

RefuBook - DEMO | CODE

Jun 2023 - Feb 2023

RefuBook(The Incredibles) is the capstone project of Re:Coded Frontend Web Development Bootcamp.

- Technologies: React.js, Redux, Firebase, TailwindCSS
- Implemented responsive web design principles to ensure the website was mobile-friendly

Teknofest - Mixed Swarm Simulation - Epsilon team

2021- 2022

The goal of the Mixed Swarm Simulation Competition is to create software and algorithms that can efficiently carry out specific missions utilizing multiple Unmanned Aerial and Ground Vehicles (UAVs and UGVs) while optimizing target criteria through task sharing, backup, and mutual support.

- Technologies: Python and python libraries

SUMMARY

I am a passionate computer engineering student who is interested in Front-End Development with experience in building single-page JavaScript applications and creating attractive user interfaces, adept at creating successful websites that meet customer needs.

VOLUNTEER WORK AND AFFILIATIONS

- **IT Team Member** at CENGA which is responsible for developing the CENGA website with the newest technologies.
- **Member** of Çukurova University Defense, and High Technologies Club
- **Active Member** at IEEE Çukurova

RELEVANT SKILLS

- JavaScript, ReactJS
- C/C++
- HTML5, CSS
- Tailwind CSS
- Redux
- Firebase
- Bootstrap
- SCSS
- Figma (Basic knowledge)
- Git & Github
- SQL

SOFT SKILLS

- Communication
- Multi-tasking
- Team Work
- Decision making
- Observation
- Problem-Solving
- Knowledge of agile software development methodology
